Day 4 : Yekaterinburg (B/L/D)

Yekaterinburg – "Capital of the Ural Mountains". The city was founded in 1723 by Czar Peter I as the center of metallurgical industry. By the 20th century it had become one of the largest and the most important financial, industrial and cultural centers of Russia. Yekaterinburg is located at the geographical border defined by scientists between Europe and Asia.

In the morning a sightseeing tour shows you the city center and you visit a place of remarkable importance for Russian history: the "Cathedral on The Blood" which was built at the place where Czar Nicholas II and his family were executed by the Bolsheviks in 1918.

In the afternoon an excursion into the Ural forests takes you to Ganina Yama, which today is considered by Russians as a "holy place". It is an assemblage of small wooden chapels which were erected in the 1990's to honor the last Czar's family of the Romanov dynasty who were buried in Ganina Yama.

Today one of the top highlights of the tour with the Grand Trans-Siberian Express will amaze you for the rest of the day. Lake Baikal holds the biggest fresh water reserves in the world. It stretches up to 26 miles from east to west and more than 370 miles from north to south. Lake Baikal is the deepest lake of the world, reaching 1.620 meters at its deepest part. The mountain ranges around Lake Baikal and the deep blue water of the lake, you will never forget.

In the morning a one hour bus drive takes you from the hotel to Lake Baikal. A walk through the village of Listvyanka shows you to St Nicholas church, a typical orthodox wooden build church beautifully renovated in the 1990's. On a great Siberian lunch you can taste the famous Omul fish which lives only in Lake Baikal. In the afternoon a boat takes you on a short cruise on Lake Baikal to the small village of Port Baikal where the private train is waiting for you.

Today the private train is running at low speed along the scenic Circum Baikal Railway line between Port Baikal and Sludyanka, which for many years has been used only by a few of local trains and tourist trains.
